## ABOUT OUR MEAL

We take pride in serving healthy and wholesome meals in a warm and secure environment. Our guests sit at round tables that promote a sense of community between them and our dedicated volunteer wait staff in our beautiful sanctuary. We regularly hold Kitchen Takeovers, where popular restaurants collaborate with us to bring diversity to our menu and to spread the word about our services. Our partnership with Carversville Farm Foundation ensures that we use locally-sourced, organic produce and proteins in every dish.

## BENEFITS

### Team Building

Volunteer alongside colleagues in a unique environment that cultivates a sense of connection and provides a lasting impact.

### Community Contribution

The sense of compassion and empathy that comes with volunteering is not one-sided. Many of our guests suffer from isolation and long for connection.

### Social Responsibility

Volunteering enhances the company's reputation and image in the community. It demonstrates the organization's values and commitment to corporate social responsibility.

## FOOD FOR THOUGHT

In Philadelphia, one out of five individuals is experiencing food insecurity. This often accompanies a lack of adequate housing and mental health supports, chronic health problems and deep poverty. Offering meals and restorative and clinical support services all in one location allows us to effectively engage our guests with housing counseling, applying for benefits, and accessing medical or mental health care.
